Annual Report FY 2022

Operations and Accomplishments

Administrative Staff

The Saratoga County Capital Resource Corporation (SCCRC) employs a Chief Executive Officer (CEO) as an independent contractor, pursuant to a professional service contract. The CEO is assisted by a Chief Financial Officer and an administrative secretary serving pursuant to contracts for services. Raymond O’Conor has served as CEO since February 1, 2014. He is a retired bank CEO, former president of a local not for profit economic development agency, and served as treasurer of SCCRC until January 31, 2014. Jeffrey Reale has served as CFO since January 23, 2014. Mr. Reale is a certified public accountant with over twenty years of government accounting experience.

Compliance with Public Authorities Accountability Act (PAAA)

SCCRC established an Audit Committee and Governance Committee to which independent board members have been appointed in accordance with the board adopted Audit and Governance Committee Charters. In 2013 the board established a Finance Committee and an Investment Committee and likewise, appointed independent directors to those committees. All board members have executed the Acknowledgement of Fiduciary Duties of Board Members. A Mission Statement and Performance Standards have been adopted by the board. SCCRC Board members have completed board evaluation forms. All board members who served throughout 2021 completed their training required under the PAAA. Management has prepared the Annual Assessment of the Effectiveness of Internal Controls subject to review by the Audit Committee and a statement to that effect is included below.

Agency Policies can be found on its web site saratogacapitalresource.com

Financial Report

Pursuant to state legislation enacted in 1990, SCCRC commissioned an independent audit of its fiscal year in conformance with criteria provided by the Office of New York State Comptroller. The audit report found the financial operations and record keeping of SCCRC in conformity with generally accepted accounting principles and in compliance with all relevant laws and regulations of New York State. The audit report is filed online with the Office of the State Comptroller and will be available for review on the SCCRC website at saratogacapitalresource.com. A detailed financial report appears later in this document.

Internal Controls

The SCCRC’s internal control system requires two signatures to authorize any expenditures. Signatories are limited to the Chairman, Vice Chairman, Treasurer and CEO. Financial statements are presented to the board at every board meeting to report all revenues and expenditures, investments and cash balances. An investment policy based on the NYS Comptrollers requirements for municipalities dictates investment options. The CFO, who is also a CPA with a strong background in government accounting and finance, prepares SCCRC’s financial statements. He has independent view only online access to bank statements. The CEO receives paper statements and can also view account activity online.

Grants

SCCRC awards grants periodically to not for profit organizations serving Saratoga County.

Budgets

SCCRC annual operating budgets can be examined on its website and are available upon request. A report on 2022 revenues/expenditures, assets and liabilities is contained herein.

Projects Undertaken

A project is defined as the granting of financial assistance by SCCRC to a private not for profit or for profit entity, typically for the construction, renovation, expansion and equipping of facilities. The low interest rate environment of the past decade has been conducive to organizations seeking to refinance existing debt. However, the recent dramatic rise in interest rates will likely curtail such activity. Assistance is typically in the form of the issuance of tax exempt debt.

Trinity Health Partners/St. Peter's Health Partners

Trinity Health Partners is a multi-state health care network. St. Peter's Health Partners is an affiliate of Trinity Health Partners serving New York's Capital Region, including Saratoga County. In 2022 Trinity Health Partners issued tax exempt revenue bonds through the Michigan Finance Authority in January 2022 and December 2022. A portion of the proceeds of those bond issues would benefit St. Peter's Health Partners, an affiliate with health care facilities located in Saratoga County. In order to comply with TEFRA, the Saratoga County Capital Resource Corporation assisted with public notification, a public hearing and referral to the Saratoga County Board of Supervisors for support and approval.

Mission Statement and Performance Measurement Report (Adopted: January 3, 2013)

The 2009 Public Authorities Reform Act requires that local public authorities adopt a mission statement and performance measures and file those documents with the NYS Authority Budget Office. Each public authority is further required to annually review its mission statement and publish a measurement report. The SCCRC mission statement, performance measures and measurement report is published below. The following mission statement and performance measurements were distributed to the SCCRC Board and adopted in 2013. It follows the ABO's recommended format.
